He always acted like his ship was alive.
That's good Gabe. Keep guiding him like that.
It looks my father gave up his ship.
Gabe, you're back now.
I might have been the one that distanced my father from the ocean.
If I hadn't left the island..

If you're there, I'm sure your father will turn back to the ocean.
I want to meet him soon.
Andrea,
What I need right now is your optimistic strength.
You're my only hope.

My loved one..
I would do anything for your sake.
I'm going to go take a look at the harbour.
Okay.
You sure love my grandchild, Andrea.

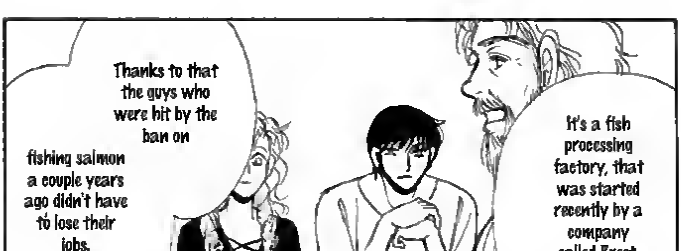
I
Gabe is my life.
But he didn't marry for the same reason that I did.
He found out that I was sick and about to have surgery so I could never have children,
and he married me to help me out.
That's his atonement for the child of Jane Marie's that died.

You know about Jane, right?
Yes..
Everyone thought that was his brother Eve's child,
but that was his..
he still feels the weight of that sin.
I don't know if that's really how it was
Eh?

When Jane told Jill that it was Gabe's child
it seemed true.
According to Jill Gabe spent one night with
Jane but it seemed that she had other men she was going out with.
What are you talking about?
Thump
Gabe treated Jane like a sister and
if she said that then there was no choice but to believe her.
The child wasn't Gabe's!?

Gabe
Andrea's telling me she may not be able to give you a child.
.....
We don't have to worry about that for several months.

Okay.
The halibut is done Andrea!
I know.
THIS HALIBUT IS SO SOFT AND DELICIOUS!
Right? I learned to cook from my wife after all.
By the way, what's Phillipe up to.
He's in management at the factory.



Thanks to that the guys who were hit by the ban on fishing salmon a couple years ago didn't have to lose their jobs.
It's a fish processing factory, that was started recently by a company called Brest

They have a freezing technique that thaws so well you don't know it's been frozen.
OH! AMAZING!
How far can you send them!?

Why?
It's frozen, right? I want to send it to my friend's restaurant.
Restaurants that are far from the ocean can only make fried shrimp that's too mushy!

If I had known there was such an great way of freezing then
I bet you could eat sushi too.
Inland cooks will all be so interested I might want to work there!
Aah! Tuna sushi.
Oh. She's so excited.
She really likes fish.
Oi oi Gabe.
If you let her near the factory you'll loose her.
Yes.
I didn't know that you liked fish that much.
Eh?
Duo

Did you know about Brest?
It's a good thing that Brest put in that new freezing system.
Did you invest in that company!?
With the promise that they'd build a factory on this island.
Yes, I've been helping them out since the time they almost went out of business.

Eh?
There's something that's bothering me.
Anyways, Andrea
What were you talking about with Jack?
!
Your grandfather thinks that Jane Marie was lying.
!!

He said he heard it from your father.
Jack said that!?
Jane had other people she was going out with.
Dad...
Why didn't Dad say anything!?

I'M GOING TO GO CHECK WITH DAD!!
GABE!?
I MIGHT BE LATE SO SLEEP WITHOUT ME!
If what Jack said is true
then the weight of his sin will disappear...
Slam

Black Maiden Group

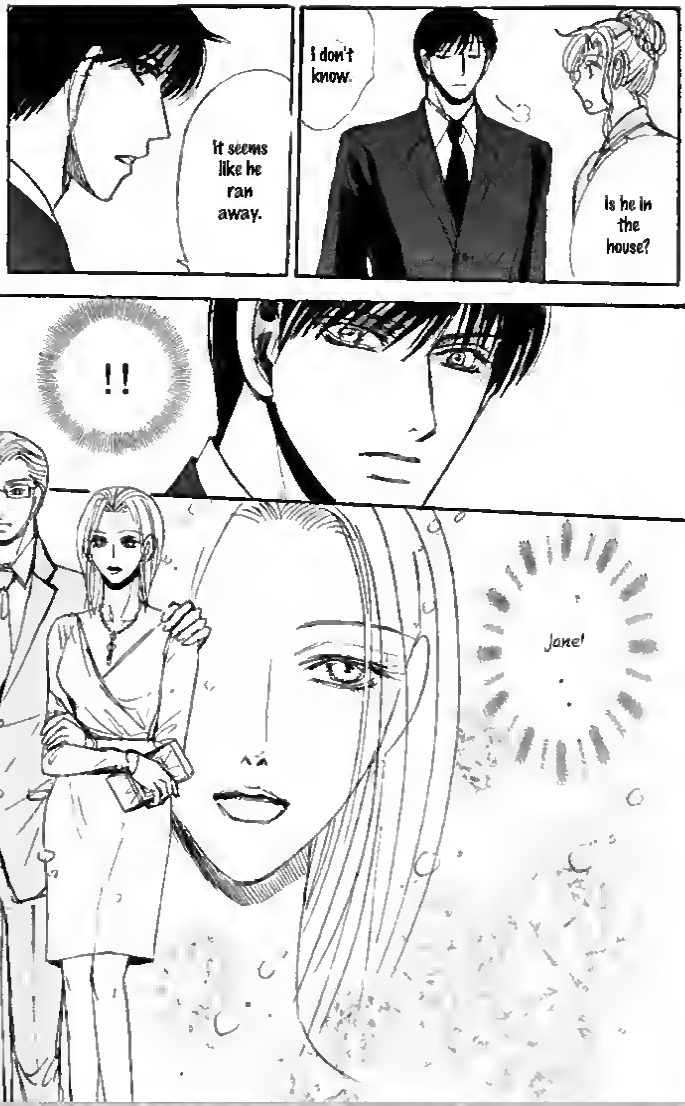
creak
Gabe?
then maybe I should leave..
Did you see your father?
no...
You don't have to get up Andrea..

They're going to celebrate our wedding.
I see.
Maybe we'll meet today at my aunt's house.
He wasn't home.
Andrea? You look a little pale.
I'm fine.
Nothing at all.
It's nothing.

You really came home Gabe!
I thought you wouldn't come home anymore!
I've never forgotten about this island Phillipe!
I'm glad!!
Gabe, you bought the Carmel house, didn't you?
Where's dad?
He said he wasn't coming
Your father isn't here?

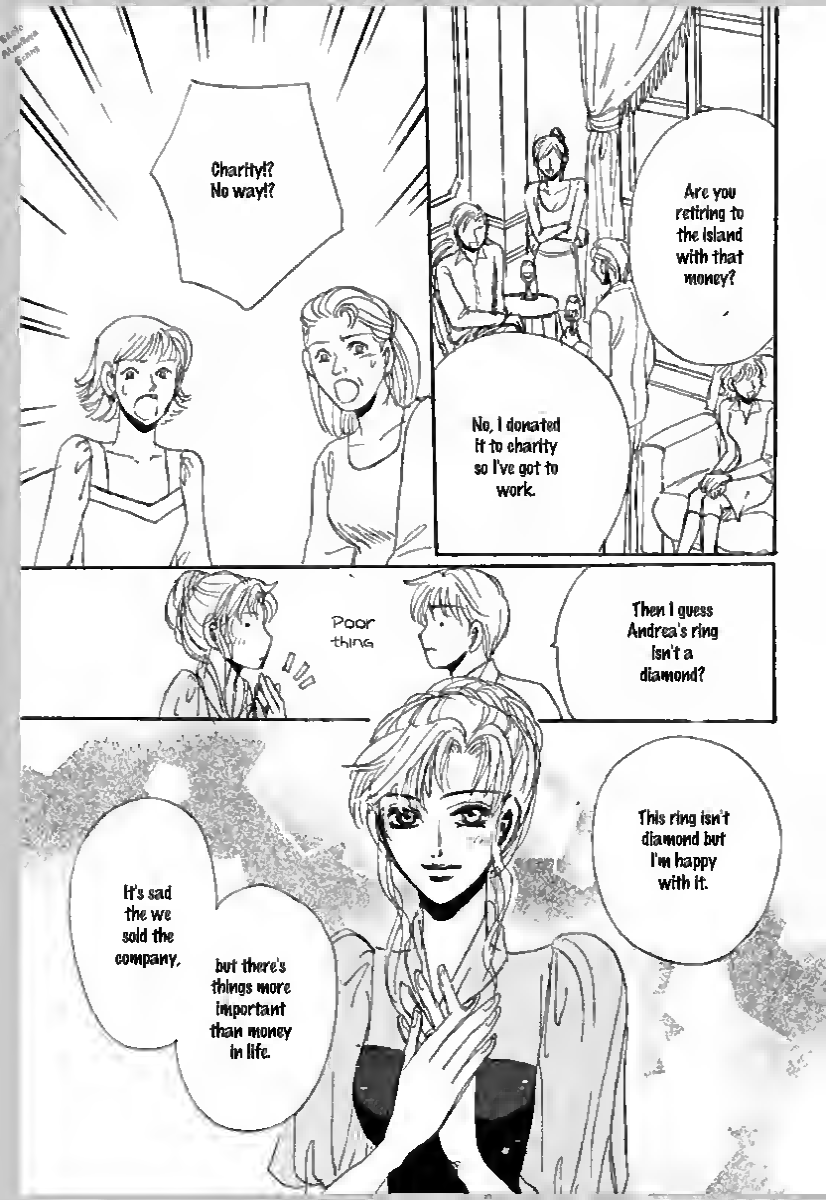
Black Market Bride

Phillipe, this is my wife Andrea.
Eh?
Nice to meet you
Beautiful
I'm Phillipe, nice to meet you...
I want to go to New York too now!
Since such beautiful people are there!
Thank you, I'm flattered.
Nan



It seems like he ran away.
I don't know.
Is he in the house?
!!
Jane!

It's been awhile Gabe.
Thank you
Yes.
I'm glad you're doing so well, sister-in-law.
Is it true that you sold your company?
Yes.
I'm happy you're home Gabe.
Brother.



Charity!? No way!?
Are you retiring to the island with that money?
No, I donated it to charity so I've got to work.
Then I guess Andrea's ring isn't a diamond?
Poor thing
This ring isn't diamond but I'm happy with it.
but there's things more important than money in life.
It's sad the we sold the company.

What's more important than the company?
Protecting the hometown that he loves.
He loves this ocean.
He works on France's fishing industry committee.
He does more than anyone else for the fish industry on San Pierre.
So why didn't he become a fisherman?

What are you talking about, a company called Brest built that factory!
B&G seafood
The factory that Phillipe works
at wouldn't exist if Gabe
Brest is a company built by Gabe's investments.
It fell apart and Gabe is the one that built it back up!
Even though Gabe was keeping it a secret...
silence
Ah! Darn it! I went and said it all!!
